

Distribution box model nx

Overview

The Chint NX2 Distribution Box is a consumer unit/distribution box designed to house and protect MCBs, RCDs, and other protective devices in residential, commercial, and light industrial installations. Available in Multiple Sizes configurations to suit various circuit. NX9 power distribution box is a device for installation of power distribution box electrical components, in particular, miniature circuit breaker or plastic circuit breaker as incoming line main switch and 9mm modular miniature circuit breaker as auxiliary switch, with 3-phase busbar configured. Place of Origin : China Brand Name : Chint Model Number : NX8 Color : White Voltage : 690V Current : 150A Chint original NX8 Distribution Box 5 ways 8 ways 12 ways 15 ways 20 ways 24 ways Circuit Breaker Consumer Unit 1. 1 Electric ratings: up to 100A, 230V, AC50/60Hz;1. Available in Multiple Sizes configurations to suit various circuit requirements. It supports up to 15 circuits, making it ideal for complex industrial setups. The box is built to handle. 2. 4 Convenient and reliable operation, having exposed handle, and all live parts to.
