

Does TJ have cable trays

Overview

They offer a wide range of cable tray products that can be customized to suit specific project requirements. Whether it's a unique design, size, or material, TJ Cope can provide tailored solutions that meet the exact needs of their customers. Our cable tray systems securely hold and protect cables and come in many models and sizes, solid bottom and ventilated. Their flexibility in customization ensures that. In January 1995, TJ Cope, Inc. acquired the ROB-GLAS product line in its entirety from ROBROY INDUSTRIES, INC. Cope introduced the first standardized modular cable tray system in 1948. The heart of the Cope design is the tubular rung and its unique, one-of-a-kind connection to the side rail by use of the cold swaging process.
