

# How wide are the cable management rack slots

## Overview

(12) 3/8" wide slots are provided along the length of this cable management raceway to help sort cables. Aitelix has available 19" equipment rack frames which this wire manager can be used with. These include 6U and 8U adjustable frames and vertical 2U and 4U frames. Panduit's comprehensive offering of vertical cable management, horizontal cable management, and rack solutions reduces space required to route, manage and protect high cable capacities, providing the lowest total cost of ownership. These product sets can be combined to provide an optimized solution. Today's high-density server and networking applications demand a rack infrastructure that can mount a mix of different equipment and support high-capacity cable management in an efficient, flexible design. Whether it's a network closet, a server room, or a data center of any size, IT operations rely. Easy to mount inside your rack cabinet or open frame rack, the SmartRack® SRCABLEVRTL neatly organizes fiber optic, copper and coax cable bundles.
