

Kuwait Smart Building Standard Optical Cable Factory

Overview

The factory, located in the Port of Abdullah Industrial area, is Kuwait's first facility for manufacturing fibre optic cables, a key component of modern communication systems and internet networks, as reported by Q8-Press. The establishment of Kuwait's first fiber optic factory is crucial for the country's telecom sector, as the state replaces copper cables with faster, more secure optical ones. The factory spans 5,000 square meters, with an initial capacity of 500,000 kilometers of fiber annually and an investment. From low and medium voltage cables and accessories, SMART building solutions, Explosion-proof devices and installations for all types of cables and explosion proof devices we can supply you and install by undertaking projects with the tech-tools for a streamlined infrastructure. KATEC provides. Taihan Cable & Solution Co. This strategic move comes as Taihan seeks to localize production and meet the growing demand for advanced 5G network infrastructure in the Middle East., a prominent local construction and trading firm, is the first production subsidiary in Kuwait.
